

# I Still Remember [Bb]

[Default Arrangement] by Jordan Kyle

**Gm Eb Bb F**  
All my life I've waited for something more  
**Gm Eb Bb F**  
Hoping somehow happiness would show up at my door  
**Gm Eb Bb F**  
Looking back on life I blew before twenty-two  
**Gm Eb Bb F**  
Smiling slowly fading from the face I once knew

**Cm Eb**  
These are the voices that cry out (We are the Jesus the World sees)  
**Cm Eb**  
In pursuit of His Love (We need to bring it to its knees)

**Gm Eb**  
I still remember when most normal people  
**Bb F**  
Would reach out a hand for the lost  
**Gm Eb**  
And then in December down near the steeple  
**Bb Bb2/A F**  
They'd give out fine meals at no cost  
**Eb F Eb F Bb/D Eb**  
So what has changed we have managed to lose touch of those  
**F**  
Who need us

**Gm Eb Bb F**  
Think I'll end this life I know I'm dying too slow  
**Gm Eb Bb F**  
All my "friends" enjoy this show of how I might go
