G C/A G/B
We will never fully understand
C D C/E
How meaningless the things we wish we had
G C/A G/B
And we could never fully comprehend
C D C/E D/F# G9 G/B C D
How so many things we want to do won't matter in the end
G C/A G/B
We will never fully recognize
C D C/E
The amount of hurting deep within ones' lies
G C/A G/B
And we could never really verbalize
C D C/E D/F#
The need we have for someone hearing our internal cries

G D/F# Em
Look at the world through different eyes
C D
With compassion on our minds
G D/F# Em
And see the people that we know
C D
With a love they might never
Em D/F# C
Get to understand and love another
D G9 G/B C D C/E D/F#
With a love of their own

G C/A G/B
We will never quite appreciate
C D C/E
When blessings come and we don't have to wait
G C/A G/B
And we could never truly desecrate
C D C/E D/F#
The people who deserve a second chance without a costly weight
